

Risky Business

CONTRACTS FROM BEGINNING TO END

3 AIA CE CREDITS

Please join us for a free continuing education (CE) presentation on risk management for design professionals, as we walk you through contract fundamentals and their relevance to every stage of your project:

- Analyze the importance of effective contract language before a project begins.
- Learn why it's wise to refer to the contract during the project.
- Discuss best practices for communicating with project parties.
- Understand which contract clauses to flag at the end of a project.
- Discuss real-world design and contract issues and how they can impact you, your client and the project.
